Table 1 illustrates the ways in which different models make different predictions. For example, EI theory and Buddhist models are the only ones that predict immediate reductions in craving as a result of increased present moment awareness, the cognitive processing model is the only one to predict increased craving as a result of present moment awareness, and EI theory is the only one that ...

Mindfulness and craving: effects and mechanisms

It is with the deepest sadness and regret that I must report the unexpected passing of our dear friend and colleague, archaeologist Paul Maloney, peacefully at his home in Quakertown, Pennsylvania, on August 27, 2018. Paul was one of the most respected Shroud scholars in the world and the news of his passing came as a great shock to the Shroud community.

4 comments Leave a comment » Good article! I found Jainism as a very real and practice religion. Their concepts of soul, re-birth, salvation, life are very detailed and at minute level, even many of them are not yet discovered by modern science.

In Brief: Jainism - The Review of Religions

Under a variation of the theory that Hawking and Hertog work with, called eternal inflation, this inflation continues forever in most places, but, in some patches, it stops.
