Germany, Europe and the Challenges of a Multipolar World

A multipolar world promises to significantly weaken Western influence in many parts of the world, from Central Asia to Africa, in many institutions like the World Bank and IMF, and over many international norms, such as regarding governance.

Fixing Fragile States, Challenges and Opportunities for

structure. The most controversial issues, which have placed the US at the opposite pole from rest of the

world, are energy crises, Iraq war, climate change, financial crises and globalisation. These factors have rather proved catalyst in the shift from unipolar to the multipolar world.
