Given the wide range of styles in European classical music, from Medieval plainchant sung by monks to Classical and Romantic symphonies for orchestra from the 1700s and 1800s to avant-garde atonal compositions for solo piano from the 1900s, it is difficult to list characteristics that can be attributed to all works of that type. However, there are characteristics that classical music contains ...

If the music above is at about your level, then I know of one huge classical music collection that will knock your socks off! (so to speak. . .) It's the "Library of Easy Piano Classics" (there are two volumes in the series) and it is one of the only collections of easy classics that I recommend. Excellent arrangements (that's kinda important, eh?), perfect clarity on the page, spiral binding ...

The piano was founded on earlier technological innovations in keyboard instruments. Pipe organs have been used since Antiquity, and as such, the development of pipe organs enabled instrument builders to learn about creating keyboard mechanisms for sounding pitches. The first string instruments with struck strings were the hammered dulcimers, which were used since the Middle Ages in Europe.
