The Elements of Color

So, by doing the activities in this book, not just reading about them, you will improve your understanding of colour by 70%. That's why, in addition to this book, we have created The Colour Workbook, with black line masters for all the activities included. You will be able to create copies of these to complete each of the exercises.

With the Pantone Plus Series®®, Illustrator, InDesign, and Photoshop CS6 and CC all contain the color libraries from Pantone, enabling seamless exchange of book colors from one app to the other. And because the spot colors use Lab values, the visible results are much closer to the real inks available.
