The United States Constitution is the supreme law of the United States. The Constitution, originally comprising seven articles, delineates the national frame of government. Its first three articles embody the doctrine of the separation of powers, whereby the federal government is divided into three branches: the legislative, consisting of the bicameral Congress (Article One); the executive ...

Liberty Library of Constitutional Classics. The following is a list of the classic books and other works on constitutional government, which we either include in our collection, or plan to add.

Liberty Library of Constitutional Classics - DreamHost

In the context of United States law, originalism is a concept regarding the interpretation of the Constitution that asserts that all statements in the constitution must be interpreted based on the original understanding of the authors or the people at the time it was ratified. This concept views the Constitution as stable from the time of enactment, and that the meaning of its contents can be ...
